

# USE YOUR WORDS

Your Baby is Listening and Learning

## Help your baby soak up the world by talking to them every day.

Babies are like sponges, taking in sights and sounds around them all the time.

In Allegheny County, we want every child to have a bright future. And research tells us that those futures have a great start if parents and other caregivers simply talk, face-to-face, to their little ones.

When it comes to how much you should talk to your baby, the simple answer is: the more, the better. **So Use Your Words!**

[www.alleghenycounty.us/dhs/use-your-words.aspx](http://www.alleghenycounty.us/dhs/use-your-words.aspx)

"Today at the grocery store I bought..."

"Tomorrow we are going to the zoo..."

"A lot of things are the color blue..."

"I'm making pancakes!"
