

THE FATHER ABSENCE CRISIS IN AMERICA

There is a crisis in America. According to the U.S. Census Bureau, 24 million children in America—one out of three—live without their biological father in the home. Consequently, there is a “father factor” in nearly all of the societal ills facing America today.

FATHERS... We Matter

FATHERS COLLABORATIVE COUNCIL OF WESTERN PENNSYLVANIA

475 East Waterfront Drive, Homestead, PA 15120
412-394-5955

WHO ARE WE?

The Fathers Collaborative Council (FCC) works to support the ongoing growth and stability of fatherhood programs in the region. The FCC recognizes the programs' unique strengths and maximizes their potential and resources.

WHAT DOES THE FCC DO?

Each participating agency operates individual fatherhood programs that work together to strengthen the fatherhood movement.

WHY DO FATHERS MATTER?

Studies show that a loving and nurturing father improves outcomes for his children, families and communities. Fathers who are involved in the lives of their children are more likely to have a close, enduring relationship with their children. Also, children with involved, loving fathers are significantly more likely to:

Do well in school

Have healthy self-esteem

Exhibit empathy and pro-social behavior

Avoid high-risk behaviors including drug use, truancy and criminal activity
