MR. CATANESE: Certificate of Achievement  
awarded to Mr. Blake O. Nourie of Boy Scout Troop 284 upon

earning the rank of Eagle Scout. Sponsored by Councilwoman Heidelbaugh.

MS. HEIDELBAUGH: Good afternoon. It is the prerogative of members of Council to join in honor to be able to recognize individuals in our community who, on occasion of exemplary service for good acts in our community, we recognize them with a proclamation. And I am taking a special pride today because the young man standing to my left is my son. My son, Blake Nourie, has been in Boy Scouts since he was a very young man and just finished Boy Scouts by attaining his Eagle Scout Award on Sunday. Blake prepared a project at Wingfield Pines, which is owned by Allegheny Land Trust. And he prepared bat boxes and wood duck boxes and bluebird boxes, and basically, put together a project that involved about 150 hours of volunteer time with about 20 volunteers. So Blake, let me read this award.

This Certificate of Achievement is awarded to Mr. Blake Nourie in recognition of his attainment of the prestigious rank of Eagle Scout, scouting's most distinguished honor. This Council commends your diligence and skills, two traits displayed throughout your scouting career, your growth as a troop leader and dedication to the community. You assembled a team, collected funds and worked with the Allegheny Land Trust to enhance Wingfield Pines, a nature preserve located within the townships of Upper St. Clair and South Fayette. You built shelves, re-built duck and bluebird boxes, re-positioned boxes and built bat boxes. You have set a high standard of commitment and fervor that the youth of our great county may follow, and you serve as an inspiration to this Council, and particularly, your mom and the citizens of Allegheny County.

MR. NOURIE: Thank you.

(Applause.)

MR. NOURIE: You're putting me on the spot here. Thank you for this honor. I appreciate it. I did this, obviously, with a lot of people, and I had a lot of help. So thank you for everyone that helped me. Most people aren't here tonight, but thank you.

(Applause.)

PRESIDENT MARTONI: 7560-13.

MR. CATANESE: Proclamation recognizing and honoring Sergeant Kevin Faulds of the Allegheny County

Sheriff's office for placing his life in jeopardy to protect innocent bystanders on April 5th, 2013. Sponsored by Councilwoman Heidelbaugh, Council member Burn, Daly Danko, DeFazio, Drozd, Ellenbogen, Finnerty, Futules, Green Hawkins, Harris --- Ms. Harris, Mr. Macey, Mr. Martoni, Mr. Palmiere, Ms. Rea and Mr. Robinson.

MS. HEIDELBAUGH: It is my honor and privilege to present this proclamation to Sergeant Faulds. So much in our --- so many times in our community when we see acts --- and we wish that somebody were there to step up and to say, I'm involved. I'll protect human life. And in this particular situation, on Friday, April 5, Sergeant Faulds was simply driving along Fifth Avenue in downtown when he heard gunshots. Most of us, if we heard gunshots, would run the other way. But obviously, he ran towards the melee. He observed several people in the midst of a physical brawl, one of whom had just been shot.

He immediately called for backup while exiting his vehicle, drew his service weapon and ordered the individuals to drop to the ground. He single-handedly secured all three individuals --- I can certainly see why --- and recovered two pistols to prevent any further injuries before backup could arrive. There is no way that you can define courage. You either have courage or you don't. And in this day and age, when we have a man such as you who put your own life at risk to protect every citizen in Allegheny County, men and women and children who were walking down that sidewalk ---. You gave no thought whatsoever to your own personal safety. The first thing you thought about was running in and protecting everyone.

From a mother, from the County Council, for every citizen in Allegheny County, there is no way that we can possibly thank you for your courage. This is such a small measure of our gratefulness to you. Thank you so much.

(Applause.)

SERGEANT FAULDS: Last week the City of Pittsburgh recognized me, and I told them what I'll tell you, public speaking should get the biggest trophy of sorts. This is not getting any easier. I apologize. But I thank you. You know, every day I kiss my wife and daughter good-bye. I got called out for the three officers were killed on April 4th, 2009. I was working when the officer was shot in Clairton, when an officer was

shot in the City of Pittsburgh, Officer Paxton. I'm friends with Morgan Jenkins, who just recently was shot. Officer Baker was shot in the chest. It's weird standing here and getting this recognition because there's guys out there that do this every day, all the time. And also, because of the location and the time of day there was a lot more people around, but it's an honor just to stand here and wear this uniform and wear this badge, because it just happened to be my time, because there's a lot of people that would have done the same thing. So thank you.

(Applause.)

MS. HEIDELBAUGH: And I believe Sheriff McMullen (sic) is here. Can you please stand? We thank you, as well.

(Applause.)

MS. HEIDELBAUGH: I want to make everybody Irish. I'm Irish. Would you still like to get in the photograph, now that you've joined us?

MR. DROZD: I guess you're not Irish no more, Bill.

SHERIFF MULLEN: I don't know ---.

PRESIDENT MARTONI: 7561-13.

MR. CATANESE: Proclamation declaring May 5th through May 11th, 2013, as Correctional Officers and Employees Week in Allegheny County. Sponsored by Councilman Ellenbogen.

MR. ELLENBOGEN: I'd like to ask Warden Harper, Deputy Warden Emerick and Deputy Warden Warren ---. He's not here? This proclamation proclaiming Correctional Officers and Employees Week in Allegheny County, these folks have a tough job. You know, after the police officers and the media do all the big stories and everything, kind of --- the public kind of forgets about some of these terrible folks that have been incarcerated. And then these are the folks --- and their employees are the ones that have to deal with them on a day to day.

It's a dangerous job, it's an important job and it's a necessary job. And I commend them for their dedication, for their hard work and for their patience and tolerance. With that, I'd like to read this proclamation.

WHEREAS, since 1985, the first full week of May has been dedicated as National Correction Officers Week, to honor the week --- excuse me; I should have brought my

cheaters --- to honor the work of correctional officers and correctional personnel nationwide; and

WHEREAS, Allegheny County jail correctional officers and employees are committed to provide a safe and humane environment for those in confinement and to ensure public safety by establishing and maintaining security within the facility, often in the face of challenges and dangers that threaten their own safety; and

WHEREAS, the officers, staff and administration of the Allegheny County Jail are to be commended for their consistent dedication in providing security inside the jail, as well as in facilitating the rehabilitation of inmates to return to society; and

WHEREAS, it is fitting to recognize and honor the employees of the Allegheny County Jail for the important tasks that they perform each day, for the many risks they take to provide for our security and for the sacrifices they make to protect the citizens of our great county.

NOW, THEREFORE, BE IT RESOLVED, that Allegheny County Council does hereby proclaim May 5th through May 11th, 2013 as Correctional Officers and Employees Week in Allegheny County. And we urge all citizens to recognize and give thanks for the many dedicated individuals serving in the corrections profession. Sponsored by myself and County Council this day, May 7th, 2013. I'd like to ask the warden and the deputies if they'd like to say anything. These are the guys that, when you're driving down Second Avenue, make sure that you don't see big white sheets tied together, trying to get out; so Warden?

WARDEN HARPER: Good evening, everybody. On behalf of the men and women of the Allegheny County Bureau of Corrections, I just want to thank the Council. I want to thank you from the deepest pit of my heart for just recognizing us, recognizing how hard the men and women work at Allegheny County Bureau of Corrections. So again, I just want to say thank you, thank you, thank you.

(Applause.)

MR. ELLENBOGEN: I can't reiterate enough the dangerous job that these folks have. There's so many officers who get hurt and worse inside the jail --- as there are outside the jail. And like I said, they should be commended for their dedication and their service and their courage every day they get up in the morning. They also have to kiss their wives and children good-bye,

because they don't know what could be waiting for them; so thank you.

(Applause.)

PRESIDENT MARTONI: 7562-13.

MR. CATANESE: Let the record reflect that Councilman Burn is present. Proclamation designating May 19th through May 25th as National Public Works Week in Allegheny County. Sponsored by Council members Martoni, Macey, Danko, DeFazio, Ellenbogen, Finnerty, Futules, Green Hawkins, Palmiere, Rea and Robinson.

MR. MACEY: Good afternoon. As Chairman of the Public Works Department, I'm pleased to recognize this week as National Public Works Week. Keep in mind that President Martoni would be up here, but he thought I was capable enough to handle this. With us are the attendees of the American Public Works Association. We have our own Catherine Trexler, who is the president --- this is a national organization, and she's our very own employee here in the Public Works Department --- Jason Dailey, vice president of APWA, Western Pennsylvania Chapter, from Cranberry Township. We also have Gerry Nosal. He's the director of the American Public Works Administration, Western Pennsylvania Chapter, Penn Hills Department of Public Works.

Now, many times you're out in the streets and after the winter you find that there's potholes out there. And right away, you want to call someone and get those potholes fixed. Well, I could tell you, Allegheny County Department of Public Works isn't responsible for all of them, but we do have about --- how many miles of roads?

MS. TREXLER: Over 800 lane miles.

MR. MACEY: Over 800 lane miles?

MS. TREXLER: Uh-huh (yes).

MR. MACEY: And we also have over 500 bridges and --- so it's a lot of work that needs to be done. But I can say something about our Public Works Department. We have a tight budget, and they're always doing more with less. And having said all that, I'd like to read this proclamation.

WHEREAS, public works infrastructure facilities and services are of vital importance to sustainable communities and to the health, safety and well bearing --- well being of the people of Allegheny County; and

WHEREAS, such facilities and services could not be provided without the dedicated efforts of public works professionals, engineers, managers and employees from state and local units of government and the private sector, who are responsible for the --- for --- and plan, design, build, operate and maintain the transportation, water supply, water treatment and solid waste systems, public buildings and other structures and facilities essential to serve our citizens; and

WHEREAS, it is in the public interest for the citizens, civic leaders and children in the United States of America to gain knowledge of and to maintain a positive interest and understand the importance of public works and public works programs in their respective communities; and

WHEREAS, the year 2013 was the 53rd Annual National Public Works Week, sponsored by the American Public Works Association.

NOW, THEREFORE, BE IT RESOLVED, that Allegheny County Council, on behalf of the citizens of Allegheny County, hereby designates this week, from May 19th through May 25th, 2013, as National Public Works Week in Allegheny County. And we urge all Allegheny County citizens to join with American Public Works Association in activities and ceremonies designated to pay tribute to our public works professionals, engineers, managers and employees, and to recognize the substantial contributions they have made to our health, safety, welfare and quality of life. And now I'd like to introduce Cathy Trexler.

MS. TREXLER: Thank you. On behalf of the American Public Works Association, I thank you for recognizing the men and women of public works. This National Public Works Week is observed the third full week of May every year, to celebrate men and women who provide and maintain the infrastructure and services collectively known as public works. This year's theme, Because of Public Works, is about the quality of life throughout the communities around the world. We are able to have clean water, efficient traffic and safe, clean communities because of public works.

At the Western Pennsylvania Chapter, we cover 25 counties in the western part of the Commonwealth. We provide seminars and workshops focusing on regulatory compliance, grant opportunities, skill building and safety training. We provide a forum to exchange knowledge and ideas for cost effective and sustainable solutions for

public works operations, maintenance and engineering technologies on topics such as roads and bridges, parks, weed management, building and grounds maintenance, storm water, wastewater, solid waste and more. We strive to be your comprehensive public works resource. Also, annually the chapter has an equipment show. This year it will be held on June 6th at the Blueberry Hill Park, in Franklin Park, PA, from 8:00 a.m. until 2:00 p.m. The show features 20 to 30 vendors with displays, demonstrations and educational programs. We always focus on the education. We have two seminars scheduled, the first being the benefits of safety committees to local governments, presented by Colton Young of Compliance Management International. And the second will be the role of public works in critical infrastructure, security and resilience, presented by Bob Winters, U.S. Department of Homeland Security.

Some of you may have seen Bob in the paper recently regarding the Pittsburgh Marathon last weekend. Municipal engineers, public works employees, fleet managers, municipal managers and elected officials are invited to attend, so we hope to see you there. And again, thank you for recognizing public works.

(Applause.)

UNIDENTIFIED SPEAKER: And when you come to a work zone, slow down. Save our workers.

MR. MACEY: Thank you. Thank you very much.

(Applause.)

PRESIDENT MARTONI: 7563-13.

MR. CATANESE: Proclamation proclaiming May 10th through May 19th, 2013, as the Asian American Silk Screen Film Festival Week in Allegheny County. Sponsored by Council members Finnerty, Danko, Burn, DeFazio, Ellenbogen, Futules, Green Hawkins, Macey, Martoni, Palmiere, Rea and Robinson.

MR. FINNERTY: Thank you, Mr. President. Mr. Furiga, will you join me up here? This is one of the many examples of things that are done throughout the community of Allegheny County that show the diversity that we have in our county. And the Asian American Silk Screen Film Festival Week, which is from the 10th to the 19th --- May, that is --- does that in a way that everyone gets to experience another culture. So without further ado, I'm

going to read the proclamation and then we'll have a few words from the board member here.

WHEREAS, the 8th Annual Asian American Silk Screen Festival --- Film Festival will run from May 10th to the 19th, kicking off with a screening of the film, Midnight's Children on Saturday, May 11th, at 4:30, at Regent Square Theater; and

WHEREAS, this year's festival will feature 30 films from Asia or by Asian American filmmakers, with screenings at two locations, including the Melwood Screening Room and Regent Square Theater; and

WHEREAS, founded in 2005, Silk Screen is a non-profit arts and cultural organization whose mission is to promote diversity and cross culture understanding of Asia through film, music, art and dance; and

WHEREAS, Silk Screen has developed a year-long celebration of Asian and Asian American arts, which include educational outreach from K to 12, art exhibitions, theater, dance, music performances and workshops.

NOW, THEREFORE, BE IT RESOLVED, that Allegheny County Council does hereby declare May 10th through the 19th, 2013 as the Asian American Silk Screen Film Festival Week in Allegheny County. And we thank the Silk Screen Asian American and cultural organization for their efforts to promote and celebrate Asian and Asian American culture and to bring together the region's diverse ethnic communities. And it's sponsored by myself and all of Council. And would you like to say a few words?

MR. FURIGA: Members of Council, on behalf of the Silk Screen Board, our founder and director, Harish Saluja, and our talented staff and many volunteers, thank you for recognizing Silk Screen. Since its inception, Pittsburgh has been a place for East meets West, whether it was George Washington on the frontier, the journey of Lewis and Clark, one look at the global reach of our Pittsburgh-based corporations in the last 100 years, today it's the growth of our Asian American community. Silk Screen is an outgrowth of Pittsburgh's East meets West history.

It's also our most tangible example of our global present and the promise for our diverse future. Throughout the year, as Councilman Finnerty said while reading the proclamation, Silk Screen provides a wide array of cultural opportunities to bring East and West

together. There's a full list at our website, [silkscreenfestival.org](http://silkscreenfestival.org). This week, Silk Screen presents one of the top Asian American film festivals in the world, with some of the most inventive, humorous and exciting movies from around the globe. This year's films come from America and from across Asia, including Cambodia, China, India, Israel, Japan and South Korea. I guarantee you, these are films you're not going to see at your neighborhood multiplex. And that's the point, to emphasize great diversity, or as we often say at Silk Screen, to provide an experience where the East meets Pittsburgh. Once again, members of Council, thank you for your support. I hope to see you at the movies.

(Applause.)

MR. FINNERTY: Thank you, Mr. President. I'm trying to get myself together here. I believe that the head coach, Matt Tucker, is here. Come on up, Matt. Team, up. You're champions. It's always an extreme pleasure to be giving out a proclamation for our championship teams, and South Fayette High School girls' swim team is the winner of the WPIAL Class AA girls' swimming championship. And it's something. You know, once you become a champion, you never forget it, so congratulations on that. Let me read the proclamation, then we'll let your coach introduce you; or if you want to let the captain introduce you, whichever way you want to do it.

This is the Certificate of Achievement awarded to the South Fayette High School 2012-2013 girls' swimming team. This Certificate of Achievement is awarded to the 2012-2013 South Fayette High School girls' swimming team in recognition of their outstanding accomplishments throughout the team's season when the team captured the 2013 WPIAL Class AA girls' swimming team championship. memorable season. And this is sponsored by myself, Mike Finnerty. Coach, do you want to say a few words?

COACH TUCKER: I guess so. While I was coming here today, I had no clue I'd be talking. But I'd just like to thank the County Council for recognizing us and specifically Mr. Finnerty for recognizing the team and their achievement and their hard work. In the sport of swimming, it does take several hundreds of hours to achieve a goal of a championship. And together as a team, this team did it this year. And it was so exciting, and I'd just like to thank you guys for recognizing us for that.

(Applause.)

MS. FINK: On behalf of the South Fayette School District and those members of our team that were unable to attend, we'd like to thank the Allegheny County Council for receiving --- or recognizing us for this award; so thank you very much.

And I'm glad that your mother could come and watch you get this award --- this proclamation. And I did, by the way, teach at Char Valley, and that makes me doubly proud, believe me. So let me read the proclamation, and then we'll let our champion, Drew, here say a few words for us to inspire us to go on. Allegheny County is proud to present this Certificate of Achievement in recognition of your outstanding athletic ability which was showcased in your winning season during which you earned the 2013 WPIAL and PIAA Class AA swimming championships. PRESIDENT MARTONI: 7566-13.

MR. CATANESE: Certificate of Achievement awarded to Maria Lohman of Chartiers Valley High School for winning the WPIAL and PIAA Class AAA girls' diving championship. Sponsored by Councilman Finnerty.

MR. FINNERTY: Well, congratulations, Maria. Maria, there's a long line of championship divers at Chartiers Valley, I believe; correct? I think when I was there, there was a couple of people then also that won a diving championship. So you're keeping the tradition going. It's always great, always, to be next to these champions. It takes a tremendous amount of work, as everyone knows, to get to this level. And once you get there, I think you deserve all the accolades, and we're going to give you some today. So I'd like to read the proclamation.

Allegheny County is proud to present this Certificate of Achievement in recognition of your outstanding athletic ability, which was showcased in your winning season during which you earned the 2013 WPIAL and PIAA Class AAA diving championship. In capturing her second consecutive championship, Ms. Lohman became the first diver in WPIAL history to win titles in Class AA, which was last year, and Class AAA categories. Ms. Lohman is a member of the U.S.A. Diving Junior Elite Performance Squad which consists of the top 55 young men and women in the nation.

She is hoping to qualify for the 2016 Olympics. Your contributions to Allegheny County's long legacy of sports champions is to be commended. On behalf of the citizens of Allegheny County, we join with you and celebrate your distinguished achievements and wish you the best. I hope to see you in the 2016 Olympics.

(Applause.)

MS. LOHMAN: I'm honored to represent my high school, Chartiers Valley, and our city of Pittsburgh. And I would like to thank the County Council and Mr. Finnerty for presenting me with this award. Thank you.

It's a real great --- a real great event for the people in the south because it will bring a facility of national fame, Children's Hospital, much closer to everyone in that area. Also, McKees Rocks is having a festival Saturday. It's to be from 11:00 to 7:00 p.m. at Chartier Avenue. Thank you, Mr. President.

PRESIDENT MARTONI: Thank you. Thank you. Mr. Macey?

is changed every week, so you'll be surprised what they can do. The May 15th opener is in honor of a good steward in the community, Bob Cox, who was a soap box derby enthusiast, and like I said, a good steward in the community. So remember, every Wednesday at five o'clock, West Mifflin Number Three Volunteer Fire Company, one of our fundraisers. Thank you.

PRESIDENT MARTONI: Thank you. That sounds fun. Mr. Palmiere.

MR. PALMIERE: Thank you, Mr. President. Members of Council, I'd just like to commend everyone that had anything to do with the Pittsburgh Marathon on Sunday. I had the privilege of doing a half marathon myself. And I want to congratulate Jen Liptak, who ran a 1:48. It took me three days and two hours to do mine. It took --- she did a wonderful job. I want to tell you, they keep moving those markers back year after year; I swear. I've been privileged to do this race several years now, and I want to tell you, this year was just outstanding. It was the best ever. It really represented Pittsburgh and Allegheny County. I was proud to be a participant. My hat is off to all the volunteers and all the people who finished that race. Thank you, Mr. President.

PRESIDENT MARTONI: Thank you. Mr. Futules.

MR. FUTULES: Thank you. The administration has announced the lineup for 2013 concert series in our county parks, which are Hartwood Acres, Duquesne, I believe, on June 2nd. It will go through the summer until the August 4th date; and also, at South Park Amphitheater, May 31st to August 30th. And you can go to the county website for the dates and the times and the entertainment. So go to the county website to see who's on show for the county parks. Thank you.

PRESIDENT MARTONI: John?

MR. DEFAZIO: Real quick. I'd like to congratulate John Palmiere and Jennifer both for running in the marathon.

MR. DROZD: And being alive.

PRESIDENT MARTONI: Barbara?

MS. DANKO: As a follow-up on the marathon, I was a volunteer at the 16.3 mile marker with 35 other people, but there were thousands of volunteers. And the spirit of the race this year was just tremendous. I mean, the runners, as they were going by, they were thanking the volunteers, and the volunteers were thanking the runners.

And it was just --- it was an absolutely glorious day and it was a great celebration of the City of Pittsburgh and our region. Thank you.

PRESIDENT MARTONI: Thank you. Anyone else?  
Matt?

MR. DROZD: This is a combination of liaison and Point of Privilege. This is a very critical issue that I bring before Council, and I want your input in crafting an ordinance that we're going to --- that I'm going to craft. But what it is, is in regard to something that you knew I was working on for quite some time in regard to these hotel/motel tax revenues, how they're spent, tax revenues, good hard-earned tax dollars, how they're spent. You know, we talk about that we have to look at the nonprofits, where they're paying more than their fair share; you know, the footprints that they occupy, some of them --- some of them, that they should be paying because they're more profit-oriented than they are nonprofit-oriented.

But what we need to look at now even more so --- and we've talked about this, all of us here in Council, that we want to see more accountability for how the monies are spent; that we have purview over it, that we have oversight over it. Let me tell you this one, and then the monies that we talk about here tonight --- and I'll be crafting this ordinance and I welcome your input. This involves Visit Pittsburgh. There is approximately \$8,000,000 in hotel revenue dollars garnered from that tax, of which Visit Pittsburgh spends --- gets approximately \$7,900,000 of this money, of which \$4,000 --- \$4,000 --- is spent on bonuses --- salaries and bonuses; does not include ---. There are top eight officials, executives ---.

MS. HEIDELBAUGH: \$4,000, did you say?

MR. DROZD: No, \$4,000,000. I'm sorry. Excuse me; \$4,000,000 are spent. Now, that's --- as you can see in the calculation, that's over 50 percent in that alone. The top eight get salaries in excess of --- now this is a nonprofit, mind you, a nonprofit. Many of our people in the county, we're nonprofit. They work here because --- and they perform, not because of a bonus. They perform out of the fact that they have that feeling that they want to contribute. Now, out of that, eight of the top executives get over \$100,000-some in salary plus bonuses. Now, let me --- I brought them in. Mr. Szymanski attended

the meeting with me, and we brought him in to talk about this, the new executive director, just to give you one example of something that really concerns me in this way. I asked him what he had been paid and the gentleman before that was paid, and that gentleman's salary was in excess of \$300,000--some plus a bonus.

Well, I said, is this true? You've been on how long, I asked the new executive director. He had said 11 years. I said in that case, let me ask you this. It's reported that the prior executive director was kept on staff to train you; is that correct? And what was he paid while he was being kept on to train you? It was still the same amount at the rate of \$300,000. And quickly I said, plus bonus? That's correct. I said, let me ask you this. Your organization approved for a period of approximately --- what I understand, was 15 months, of spending hard-earned tax dollars, which will be played out with probably benefits, bonuses and everything, of about \$500,000, to train you who's been here for 11 years.

It wasn't my decision, he said, it was the Board's. I said, is that right? In office space they spend \$370,000 annually. Now, think of this. A lot of these employees travel all through the country. Included in this, in the salaries --- we don't exclude it from the salaries --- are just those entertainment expenses and travel expenses and all of those type of expenses, non-taxable funds that are given. I'm not saying they're doing anything outside the purview of what they --- you know, that this is not outside whatever. I'm saying this is something that we've got to scrutinize and are we getting a return on the tax dollars that we're putting out there for --- the hard-earned tax dollars from our taxpayers?

We really have to look at this, and not only this agency but other agencies. And what really bothered me about it --- and Mr. Szymanski, again, will back me on this. When we asked the Board for information, whatever it was, they were kind of reluctant in giving us and providing additional information. They kept on pointing us elsewhere to get that information. Is that not correct, Mr. Szymanski?

MR. SZYMANSKI: That's correct.

MR. DROZD: And you know, this should be public knowledge. This was brought to me by one of our good news agencies, and I kept on thinking --- and we all do. And

we ask the question, all of us in these meetings, where's the accountability on these monies that are being spent? And I commend my council for asking those questions. And this is a case of a perfect example where we really have to drill down and we really have to not only ask questions, we have to demand them ---. So I'm calling for --- and I think the input should be and my ordinance will be, that we do have purview.

We have the right to direct where that money goes, to what agency it goes to and how it's spent. So I think we need to review this in very hard terms and find out where those monies --- and how you're going to replace them and how we're going to get those monies. Now, lastly, just think of this. Out of that \$8,000,000 that's supposed to be building our region and bringing and attracting jobs and whatever it may be in this area, you know, I'm guesstimating --- because if you put the travel and everything else into it, whatever it may be, and take the office space and all that --- you've probably lost 20, 25 percent just doing direct promotion --- do you understand what I'm saying --- and advertising and all that, maybe, if that. I don't know.

We don't know that totally because we're asking the questions and we're not getting all the answers we didn't get yet. And the reason why I'm bringing it before this council now, I thought they addressed that one issue about the retention of the gentleman for this period of time to train someone who's been there for 11 years, and he's still on board. The contract doesn't expire until the end of this month. So I indulge my council. I will be putting words ---. I ask for your input. I ask that those out in --- our constituents and those that benefit from this, to provide input. And we'll craft this ordinance, and I'm hoping that you craft it with me, that we're going to start sending these messages --- let's say this. We want to make sure that our monies --- our taxpayers are getting a good return on their hard-earned tax dollars.

We need to do that. Maybe, perhaps, it'll go into Budget and Finance, or wherever it is so directed by. We have to do it, and not only with this agency. We have to do it with other agencies. Any monies, any monies, that we directly or indirectly have oversight on, we need to take a hard look at this now, a real hard look. And this is one perfect example, that we've got to start

asking some real hard questions; and not only asking but demanding the answers to them. Thank you, my fellow Council members, for indulging me.

PRESIDENT MARTONI: We'll be waiting for your leadership. New Business. Ordinances and Resolutions. 7991-13.

MR. CATANESE: A resolution of the County of Allegheny amending the 2011 Capital Budget for Allegheny County. Sponsored by the Chief Executive.

PRESIDENT MARTONI: Budget and Finance Committee.

MR. FUTULES: Mr. President, I'd like the opportunity to pull from committee Ordinance 7552-13. I believe Council members have a copy of the ordinance in front of them. This is North Allegheny Soccer Association. In extending the contract --- giving the administration to extend the contract, I believe, three to five years, if there's any questions ---. The North Allegheny Soccer Association had taken BMX track and they actually leveled it and put six fields in at their expense. They have been maintaining this property, cutting the grass, cleaning the garbage; plus they have been giving us rent of \$2,000 a year.

And with this, we have given them the first right of refusal for the dates on the fields, and then after that, other organizations get use of the fields as well. So with that, I believe I'd like to make a motion to approve. Or I make a motion we'll put it on the agenda.

MR. MACEY: Second.

PRESIDENT MARTONI: Moved and seconded.

Question? Who did we ---?

MR. CATANESE: The motion is to pull this from committee.

PRESIDENT MARTONI: The motion is to pull it from committee; okay. All it needs --- all in favor of that?

(Chorus of ayes.)

PRESIDENT MARTONI: Did you make a motion?

MR. FUTULES: I made a motion to pull it and he seconded it.

MR. MACEY: And I seconded it.

PRESIDENT MARTONI: Okay. Then the motion is seconded.

MR. MACEY: I seconded.

PRESIDENT MARTONI: Okay. We have a motion and a second. Question?

MR. FINNERTY: I do have a question.

PRESIDENT MARTONI: Go ahead. Ask your question. Why is it necessary to pull this?

MR. FUTULES: Quite frankly, I've been rather busy and unable to have a committee meeting, and time is of the essence for the club to continue the use of the field. And we need to vote on it, so that they can continue the use.

MR. FINNERTY: Okay. Thank you.

PRESIDENT MARTONI: Okay. We just --- all in favor?

(Chorus of ayes.)

PRESIDENT MARTONI: Opposed? So ordered. Okay. Now it's on the agenda.
