## **Shooting Victims Drive to UPMC McKeesport; County Police Investigating**

**Allegheny County** – At approximately 3:42 a.m., two men arrived at McKeesport hospital in a privately-owned car. Both men had suffered gunshot wounds to the head. McKeesport Police responded to the hospital. Both men were transported to local trauma hospitals. The driver of the vehicle is a 33-year-old man whom the McKeesport Police are very familiar. He had suffered a non-life-threatening wound to the head. The passenger was a 22-year-old man who suffered a gunshot wound to the head. He was listed in critical condition.

Detectives from the Allegheny County Police Homicide Unit responded. The driver of the vehicle was interviewed and was less than cooperative with investigators. At this point in the investigation, it is unclear where the shooting occurred or what the motivation was. Detectives determined that at approximately 3:35 a.m., there were reports of shots being fired on the Rankin Bridge. An examination of that area revealed broken window glass and ballistic evidence consistent with a shooting.

The victims had arrived at the hospital in a dark blue Chevrolet Colorado pick-up truck. Anyone that was in the area of the Rankin Bridge around 3:35 a.m. and may have heard or saw anything associated with the truck or the shooting is asked to call the Allegheny County Police Tipline at **1-833-ALL-TIPS** (1-833-255-8477); callers can remain anonymous. Detectives can also be reached via the department's social media sites.
