Start of Work on Greensprings Avenue in West Mifflin Delayed Until September 14

PITTSBURGH – The Department of Public Works announced today that the start of work on part of Greensprings Avenue in West Mifflin has been delayed to better accommodate the schedule of both Public Works and its contractor. The westbound lane of Greensprings Avenue near Spring Street is now expected to close beginning at 9 a.m. on Monday, September 14, 2020.

The restriction is expected to last until November 2020. It is required for repairs to a deteriorated portion of a concrete culvert, milling and paving, as well as installation of a storm grate and pavement markings.

When the lane closure begins, stop signs will be used to control traffic, and drivers will be urged to use caution in the area.

The \$73,123 project is being done by Pugliano Construction Company, Inc. of Pittsburgh.
