- Pennsylvania-American Water customers: Visit amwater.com/paaw/water-quality/lead-and-drinking-water or Call **1-800-565-7292**.
- West View Water Authority customers: Visit westviewwater.org/lead-in-water/ or Call **412-931-3292 ext. 3220**.
- Hampton Shaler Water Authority customers: Call **412-486-4867** or Email info@hswa-pa.org.
- Fox Chapel Authority customers: Call **412-963-0212** or Email info@foxchapelwater.com.
- Other County residents: Call your water provider to ask about testing for lead.

Looking for lead- safe renovations?

About

To avoid creating lead hazards, property owners who want to renovate/remodel pre-1978

housing should use a lead safe certified firm.

To find a lead safe certified firm,

Visit

<https://www.epa.gov/lead> and click:

“Consumers: Find a Lead- Safe Certified firm”

Lead service line replacement with PWSA

About

Owners of properties with a lead public service line (from the water main to the curb) can coordinate replacement with PWSA. If your private line (from curb to home) is also lead, you may be eligible to have your line replaced at no cost. Low-interest loans are also available.

Requirements

- PWSA drinking water customer.
- Homeowner.
- At least one portion of service line is lead (private and/or public).
