Fostering hope and a future for children and families is the Old Testament-inspired mission of Adoption Connection, PA. As a private, non-profit agency, we are dedicated to ensuring children will feel loved and supported through their foster care experience. As an affiliate of the Statewide Adoption and Permanency Network, we assist families and children with navigating the confusing and emotional journey from placement to permanency. Since 1995, Adoption Connection, PA has grown to provide foster families in the eight surrounding counties in addition to Allegheny County.

Our foster care program, Family Connections, provides guidance, support and direct services to families and children who are engaged in the foster care system. Our staff and foster families working together as permanency partners can help traumatized children heal into hopeful survivors who learn to thrive well into their future.

As part of our support to our foster families, we provide home visits within 24 hours of a child's placement bringing donations to meet that child's physical needs, advocacy for the child's well-being, collaboration with other service providers, ongoing access to our Community Foster Family Closet, foster parent training, 24-hour emergency on-call, competitive monthly stipend, and mileage reimbursement.

We offer homes to all children of different races, genders, ethnicities, between the ages of 0 to 21. Through our orientation and certification process, you will never feel like you are doing this on your own. We help you determine the behaviors and the issues that you are most capable of handling, so that you can feel comfortable and secure in opening your home to a child in need of hope and a future.

All singles and couples are welcomed to become part of our team as a foster parent, so that together we can offer a child hope and a future. Fostering hope and a future for a child starts with YOU!
