Supported Employment; Tools of the Trade (Half-Day Workshop)

In this training, participants be introduced to the Evidence-Based Practice Model for Supported Employment. You will understand skills critical to engaging clients in the possibility of employment and throughout the final stage of developing a follow-along support plan after individuals obtain employment. You will also be educated on the full range of documents required to implement high-fidelity Supported Employment on a CTT Team or in other agencies.

Course Outcomes:

1. Review the Eight Core Principles of Supported Employment (SE) while looking at the SE step-by-step workflow
2. Review the various tools/documents that are used to implement high-fidelity Supported Employment
3. Reinforce the importance of the whole team participating in the Supported Employment process
