### Intensive Behavioral Health Services (IBHS)

support children, youth, and young adults with mental, emotional, and behavioral health needs. IBHS offers a wide array of services that meet the needs of these individuals in their homes, schools, and communities. IBHS has three categories of service: 1) Individual services which provide services to one child; 2) Applied Behavior Analysis (ABA) which is a specific behavioral approach to services; and 3) Group services which are most often provided to multiple children at a specific place. Evidence-based treatment (EBT) can be delivered through individual services, ABA services, and group services. ## Safety and Emergency Preparedness

Alerting first responders of special needs - Remember to update

**PROJECT LIFESAVER** A no-cost program offered by law enforcement and other emergency responders in 41 states...  
 •Do you have a loved one who wanders away from your residence? •Have you had to call 911 when a loved one cannot be found? •Do you know a loved one who often “escapes” from home? If you answer “yes” to one or more of these questions, you may wish to enroll.  
 Persons enrolled in the program wear a small transmitter, about the size of a wristwatch, which emits a unique tracking signal. If a person goes missing, search teams use their signal receiving equipment to track and locate the missing person.  
 412-350-3138, <http://alleghenycountyda.us/project-lifesaver/>

**Yellow Dot Program** This program assists citizens in the "golden hour" of emergency care following a traffic crash when they may not be able to communicate their needs themselves. Placing a Yellow Dot decal in your vehicle's rear window alerts first responders to check your glove compartment for vital information to ensure you receive the medical attention you need. The program is a cooperative effort between PennDOT, the state departments of Health and Aging, the Pennsylvania State Police, the Pennsylvania Turnpike Commission, first responders, and local law

enforcement. [www.penndot.gov/TravelInPA/Pages/Yellow-Dot.aspx](http://www.penndot.gov/TravelInPA/Pages/Yellow-Dot.aspx)

**Special Needs Registry** The Special Needs Registry is a volunteer registry of information by those with a mental or physical disability that would be helpful for emergency personnel to know when responding to a crisis. 412- 473-2550, [www.alleghenycounty.us/emergency-services/911/special-needs-registry.aspx](http://www.alleghenycounty.us/emergency-services/911/special-needs-registry.aspx)

**Envelope of Life** *This program is for City of Pittsburgh residents – reach your community services entity to ask about similar programs in your area* The Envelope of Life is a standardized form that provides lifesaving information to emergency personnel in times of crisis or medical uncertainty. Tips include: •Display the envelope with the City of Pittsburgh seal facing OUT so that it is visible. •Attach the envelope to a prominent place in your house – a refrigerator, a door or somewhere else a paramedic can easily find it. •Keep a copy at home and one with you. 412-622-6930, <http://pittsburghpa.gov/ems/special-programs/envelope-life.html>

## Transportation

### Allegheny GO

Beginning June 3 2024, every Allegheny County resident eligible for Supplemental Nutrition Assistance Program (SNAP) benefits can apply to receive a 50% discount on transit fares.

Applicants should first download PRT’s Ready2Ride app from the Apple App Store or Google Play before applying at <https://discountedfares.alleghenycounty.us>. Eligible applicants will receive the ability to purchase discounted fares within their app.

Initially, Allegheny GO will be available to applicants with smartphones. It will be available on PRT’s next-generation smartcard when it launches in 2025.

Riders with questions about downloading Ready2Ride or the application process are encouraged to contact PRT Customer Service by calling 412-442-2000, on Twitter @pghtransitcare or via live chat at [www.rideprt.org](http://www.rideprt.org).
