Congratulations!
You are having a baby!

So now what?

Healthy Families Allegheny (HFA) can help!

Concerned about what will happen after you leave the hospital?

Worried about managing it all?

Wish you knew what resources are available to help you?

HFA is a service for families who are pregnant or who have newborn babies

What to expect:

A Professionally trained Home Visitor will provide support and information so that you, as parents, can provide the best for your new baby.

Call (412) 247-7950 for an appointment
Healthy Families Allegheny (HFA), what we do:

- Provide education and support to help you have a healthy pregnancy and healthy baby.
- Monitor your baby’s growth and help you understand how your baby develops during its first years.
- Connect you with medical providers and resources in the community to make sure your basic needs are met.
- Provide you with tools to help you be the best parent you can be!

Helping you every step of the way.
