

Pa DEP GreenPort/*AES*Online* Account

Setting Up a New Account

In order to use the *AES*Online* reporting application, members of the interested public will need to establish an account on the Pennsylvania Department of Environmental Protection's *GreenPort* website. Normally, we would create the account and assign the application to new users, but since so many facilities from Allegheny County are signing up at once, we ask for your assistance in getting through this process in a timely manner. Any visitor can create an account, but access to the inventory application itself can only be assigned by an employee with the appropriate security.

To begin, please enter this address into your browser: www.depgreenport.state.pa.us

You will arrive at the "Login" screen:

Having problems? [DEP Greenport FAQ](#)

For most DEP electronic applications users have completed a Request for Security Access form and DEP has provided a username and password to access the DEPGreenPort. However, DEP has some electronic applications that allow users to self-register.

[See the current list of self-register applications](#)

Click here to self-register

After completing the self-registration form, users will be provided with a username and password. Please note that this username and password will only grant access to those electronic applications that are associated with self-registration.

Need help?
Call our Application Support Help Desk at (717)705-3768
or e-mail us at depgreenporthelpdesk@state.pa.us

page generated at 09/23/2010 11:15:54

Unless you already have an account, click on the "Click here to self-register" button. Enter your first & last name, and click the "Continue Account Creation" button. The next page requests additional information to complete your account, including a password of your own creation. When done, you should receive an acknowledgement message like this:

Your DEPGreenPort account has been created with the username DOUGHJ.

An e-mail with your username and password has also been set to e-mail address jdough@yourbiz.com.

You may log into the DEPGreenPort using that username and the password you chose for yourself when you registered.

Please store your username and password in a secure place, and proceed to the next step.

You should also have received a form titled “Request for Security Access/Portal Account”. Please check the box for *AES*Online*, fill out the “Site Data” block to the best of your ability, your username from the previous step, and indicate which Security Role you desire, noting the descriptions of each and their limits.

You may either mail the paper form to the noted address, or email an electronic attachment to rbihl@state.pa.us

When we have received your request, we will assign the application to your account and notify you as soon as you can enter it.

If you have questions, feel free to contact us at:

Robert Bihl (717)772-3950
