

About Narcan/naloxone

Protect yourself and your family from opioid overdoses by keeping two doses of Narcan or naloxone in your medicine cabinet.

This non-addictive, life-saving medicine reverses opioid overdoses in minutes. It is easy to use, and is available for sale in this pharmacy in nasal and auto-injectable forms thanks to a standing order issued by Dr. Karen Hacker, Director of the Allegheny County Health Department. Most insurers cover this medication.

Talk with your pharmacist for more information.
