RE: Request for Variance  
Plan Review #18-472-js  
Harvest Moon Coffee & Chocolates  
206 Corbett Street  
- Tarentum

Dear Desiree Singleton:

This letter is in response to your request for a variance from Article III, the Allegheny County Health Department rules and regulations governing "Food Safety", sections 316.1C and D - "Toilet Rooms" and section 315 - "Plumbing". Article III requires for the provision of separate male and female toilet rooms for patrons of food facilities where seating is provided and that such toilet rooms cannot be accessed through food preparation or food storage areas.

Your request for 11 seats with access to only one unisex toilet room is **approved** and a variance is granted conditioned upon the following:

- There remains at least one unisex toilet room easily accessible to patrons without entrance to any food preparation, ware-washing and storage areas;
- There are no more than 11 seats present at any one time for patrons to consume food on the premises;
- The maximum number of employees per shift does not change; and
- The nature of the business remains the same.

This variance is NOT transferable should the facility change ownership and it is only approved based upon the above conditions. Should the aforementioned conditions change, such as the need for additional employees, the variance will become null and void.

**PLEASE RETAIN THIS DOCUMENT AT YOUR FOOD FACILITY FOR REVIEW AT ANY TIME UPON REQUEST.**

Pursuant to Article XI, entitled "Hearings and Appeals", you are hereby notified that you have thirty (30) days after issuance of this notice in which to file a written appeal. The appeal shall be filed in the office of the Director, 542 Fourth Avenue, Pittsburgh, PA 15219. In the event that an appeal is not filed within thirty (30) days after issuance of this order, the within action shall become final.

Feel free to contact me if you have questions.

Respectfully,
