

Dear Mr Slater,

It was nice talking to you on the phone and thank you for explaining to me the status on our case. Please see the reason of our appeal below.

We like to appeal the Civil Penalty #98 about Violating Article III " Food Safety", of the Allegheny County Health Department Rules and Regulations. The reason our appeal to hold a hearing to explain the improvements and corrections we have implemented to correct the violations we did in the past. We corrected all our previous violations before our last inspection on 10/2/18. Since our last inspections we have implemented many new procedures and adapted a new software to control our food safety. We will be glad to discuss these with details with ACHD on our upcoming hearing.

Thank you for your time.

Sincerely,

Tolga Sevdik
