Health Department Announces Fifteen New Food Establishments in January

PITTSBURGH – The Allegheny County Health Department (ACHD) announced the opening of fifteen food establishments in the county over the last month including eight restaurants, one confectionary, a caterer, a coffee shop, one convenience store, a bakery, one on-line grocery store, and a community center cafeteria.

“The key to a healthy diet is choosing foods that have more good fats than bad fats, or trans fats,” said Health Department Director, Dr. Karen Hacker. “As part of our county-wide commitment to promoting individual and community wellness, we also look at and highlight those facilities that use trans fat-free cooking oils. We see more restaurants taking that step toward living well. This past month, four of the eight eateries that opened cook with these healthier oils. Also, we remind restaurants of our *Live Well Restaurant* designation and urge you to apply. For more information visit <http://j.mp/LWA-Restaurants>.”

Those facilities using trans fat-free cooking oils are:
